To Whom It May Concern

Re:Aaron W. Beck & Co.

Dear Sir/Madam:

Microseed Nursery has been the grateful recipient of the programming services of Aaron Beck since early 1999. He has been integral in the design and development of the relational data base upon which our entire nursery is managed.

He is reliable, trustworthy, and we are most appreciative of not only his programming skills but also his ability to decipher from us what our needs are and to be responsive to them. We interact with many different nurseries and we know of not one which has a database superior to ours. We owe that to the time and energy and enthusiasm with which Aaron has embraced us and would recommend him without reservation. He is a top-notch programmer and also a great individual.

Sincerely,

Raul E. Moreno
Nursery Manager
